

THE CAVENDISH SCHOOL HEALTH AND SAFETY POLICY

HCC Issue: September 2010
HCC review: September 2016

Date approved: February 2017
Date review: February 2018

HEALTH AND SAFETY POLICY

The Cavendish School

PART 1. STATEMENT OF INTENT

The Governing Body of The Cavendish School will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the Health and Safety at Work etc. Act 1974 and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section.

This policy will be brought to the attention of, and/or issued to, all members of staff a reference copy is available on the intranet in the important documents area.

This policy statement and the accompanying organisation and arrangements will be reviewed on an annual basis

This policy statement supplements:

Hertfordshire County Council's (HCC) Health and Safety Policy.

Accessibility Plan

Behaviour policy

Restrictive physical intervention

Educational trips

Medical conditions policy

Mrs Carole Connelly
Chair of Governors

Date: 21/02/2017

Mr Gary Lewis
Executive Headteacher

Date: 21/02/2017

PART 2. ORGANISATION

As the employer the Governing Body has overall responsibility for Health and Safety in a Foundation School.

At a school level duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective. They fulfil a strategic role in health and safety and are not expected to be involved in day to day management of the school.

As a minimum, these management systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the [Education Health and Safety Manual](#).

A Health & Safety Governor Mrs D Estell has been appointed to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The Governing body will receive regular reports from the Headteacher or other nominated member of staff in order to enable them to provide and prioritise resources for health and safety issues.

Where required the Governing body will seek specialist advice on health and safety which the establishment may not feel competent to deal with.

HCC's Health and Safety Team, Tel: 01992 556478
healthandsafety@hertfordshire.gov.uk provide competent health and safety advice for Community, Community Special and VC schools.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety in accordance with the School's health and safety policy and procedures rests with the Headteacher.

The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable health and safety policy and procedures are implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant stakeholders including contractors.
- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions.
- Reporting to the Governing body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.

- Ensuring that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Reporting to the Governing Body any significant risks which cannot be rectified within the establishment's budget.
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications & contract conditions.

Whilst overall responsibility for health and safety cannot be delegated the Headteacher may choose to delegate certain tasks to other members of staff.

The task of overseeing health and safety on the site has been delegated by the head to Mrs Sarah Markley, School Business Manager and then further to Mr Mick Page, Premises Manager and within departments this task is further delegated to the relevant Curriculum Leader/Director of Learning

All staff should

- Apply the school's health and safety policy to their own department or area of work.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE etc.)
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the School Business Manager or Site Manager of any problems they are unable to resolve within the resources available to them.
- Carry out regular inspections of their areas and report any issues to the Site Management Team.
- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.
- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

Responsibilities of employees

Under the Health and Safety at Work Act etc. 1974 all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions.

All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the school's health and safety policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

PART 3. ARRANGEMENTS

Detailed information on the LA's expectations are provided in the [Education Health and Safety Manual](#).

Appendix 1	-	Risk Assessments
Appendix 2	-	Offsite visits
Appendix 3	-	Health and Safety Monitoring and Inspections
Appendix 4	-	Fire Evacuation and other Emergency Arrangements
Appendix 5	-	Fire Prevention, Testing of Equipment
Appendix 6	-	First Aid and Medication
Appendix 7	-	Accident Reporting Procedures
Appendix 8	-	Health and Safety Information and Training
Appendix 9	-	Personal safety / lone Working
Appendix 10	-	Premises Work Equipment
Appendix 11	-	Flammable and Hazardous Substances
Appendix 12	-	Asbestos

- Appendix 13 - Contractors
- Appendix 14 - Work at Height
- Appendix 15 - Moving and Handling
- Appendix 16 - Display Screen Equipment
- Appendix 17 - Vehicles
- Appendix 18 - Lettings
- Appendix 19 - Minibuses
- Appendix 20 - Stress
- Appendix 21 - Legionella

APPENDIX 1

RISK ASSESSMENTS

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. These are co-ordinated by the Subject leader/Director of Learning for the department following guidance contained in the [Education Health and Safety Manual](#) and are approved by the Headteacher.

Risk assessments are available for all staff to view and are held within departments these assessments are to be reviewed on an annual basis or when the work activity changes, whichever is the soonest. Relevant staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by Miss D Shannon. Such risk assessments will be reviewed on a regular basis.

It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities will be carried out by relevant Subject Leaders/Directors of Learning using the relevant codes of practice and model risk assessments detailed below. Whenever a new course is adopted or developed all activities are checked against these and significant findings incorporated into texts in daily use.

The school has a subscription to CLEAPSS and their publications¹ are used as sources of model risk assessment within science, art and DT. In addition the following publications are used within the school as sources of model risk assessments:

[Secondary schools]

¹ CLEAPSS www.cleapss.org.uk , secondary science should be using <http://science.cleapss.org.uk/>

- [BS 4163:2014 Health and Safety for Design and Technology in Schools and Similar Establishments- Code of Practice]
- [ASE, Safeguards in the school laboratory,2006 (11th Edition), <http://www.ase.org.uk/>] ISBN 978-0-86357-408-5]
- [National Society for Education in Art & Design (NSEAD) <http://www.nsead.org/hsg/index.aspx>]
- [Safe Practice in Physical Education, School Sport and Physical Activity 2016' Association of PE 'AfPE' <http://www.afpe.org.uk/>]

APPENDIX 2

OFFSITE VISITS

The LA has adopted the Outdoor Education Advisory Panel's national guidance for learning outside the classroom and offsite visits and all offsite visits will be planned following this guidance available via <http://www.hertsdirect.org/services/edlearn/schlfe/outside/offsitevisits/>

The LA's Offsite Visits Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or "wild" country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system. [Evolve will be used for the planning and approval of **all** offsite visits. Relevant risk assessments, participant's names etc. will be attached electronically as required]

Staff must follow the procedure laid out in the "trips pack" ensuring that no communication is sent to parents prior to the trip budget being authorised by the Senior Leadership Team.

APPENDIX 3

HEALTH AND SAFETY MONITORING AND INSPECTION

A general inspection of the site will be conducted on a 6 monthly basis and be undertaken / co-ordinated by the School Business Manager, Site Manager and the designated Health and Safety Governor

Inspections of individual departments will be carried out by Heads of Department or nominated staff.

In both cases the person(s) undertaking inspection will complete a report in writing and submit this to the Headteacher. Responsibility for following up items detailed in the safety inspection report will rest with the Site Manager in discussion with the School Business Manager.

A named governor, Mrs Di Estell will be involved in monitoring the school's health and safety management systems on an annual basis and report back to both the relevant sub-committee and full governing body meetings.

Inspections will be conducted jointly with the establishment's health and safety representative(s) if possible.

FIRE EVACUATION AND OTHER EMERGENCY ARRANGEMENTS

The Headteacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained in the Education Health and Safety Manual. The fire risk assessment is located in the school's fire log book, held by the Site Manager and will be reviewed on an annual basis.

Emergency Procedures

Fire and emergency evacuation procedures are detailed in the staff handbook and a summary posted in classrooms. These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process. This training is supported by regular drills. Evacuation procedures are also made available to all contractors / visitors.

Emergency exits, fire alarm call points, assembly points etc. are clearly identified by safety signs and notices.

Emergency contact and key holder details are maintained by the School Business Manager and updated to the LA via Solero.

Fire Drills

- Fire drills will be undertaken termly and results recorded in the fire log book.

Fire Fighting

- Staff must ensure the alarm is raised BEFORE attempting to tackle a fire.
- The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, **if it is safe to do so without putting themselves at risk**, using portable fire fighting equipment.
- Staff are made aware of the type and location of portable fire fighting equipment and receive basic instruction in its correct use at induction.

Details of service isolation points gas in D & T and boiler houses , water by main entrance , electricity in various locations.

Details of chemicals and flammable substances on site.

An inventory of these will be kept by Subject Leaders/Directors of Learning as appropriate, for consultation.

INSPECTION /MAINTENANCE OF EMERGENCY EQUIPMENT

Mr Mick Page is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book located in the Site Management Office.

FIRE ALARM SYSTEM

Fire alarm call points will be tested weekly in rotation each Monday.

Any defects on the system will be reported immediately to the alarm contractor / electrical engineer [Greenhills 01442 264125].

A fire alarm maintenance contract is in place with Greenhills electrical and the system is annually by them.

FIRE FIGHTING EQUIPMENT

Weekly in-house checks that all fire fighting equipment remains available for use and operational.

[secure fire services st albans undertakes an annual maintenance service of all fire fighting equipment.

Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to secure fire services st albans 01727 752823

EMERGENCY LIGHTING SYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken by Greenhill electrical 01442 264125

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use.

APPENDIX 6**FIRST AID AND MEDICATION**

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extra curricular activities)

TRAINED TO FIRST AID AT WORK LEVEL (3 days /18 hrs):

Mrs Tracy Malan
Mrs Sarah Town

TRAINED TO EMERGENCY FIRST AID AT WORK (1 day / 6 hrs):

Mr D Allen	4353/4363	PE
Mrs T Baldwin	4345	LWO
Mr J Bennett		LSA
Mrs F Bridgeman	4547	6th Form
Mrs R Bull	4536	6th Form
Mr S Carter	4363/4352	SEN/PE
Mrs K Droskie	4341	Music
Mr D Ede	4373/4359/4363	PE / Geog
Miss S Knoetze	4364 / 4553/	Science
Mrs T Malan	4535	Student Services
Ms D Shannon	4335 / 4361	Maths
Mrs S Town	4363	PE
Mr D Turner	4379	D & T
Mrs D Tuohy		LSA
Mr T Wylde	4364/4361	Science/PE

First aid qualifications remain valid for 3 years. Mrs Tracy Malan will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS:

DEPARTMENT	LOCATION
MATRON	Student Services
Art office	On fridge
Caretaker's office	Shelf near door
Drama Block	wall
DT1	T5 next to green cupboard
DT2	T4 above sink
DT3	T2 classroom
Fitness Suite	Office wall
Food Tech 1	T8 by sink
Gade Valley	Office
Gym	On wall
IT Block	Office wall
Humanities	Shelving behind door
KS3 Office	Shelving to right of door
Main Office	Above fridge
Minibuses 1 & 2	
Pool Hall	Cupboard on wall
Resources	In Cupboard

AEDs(automated external defibrillators) **ARE LOCATED AT THE FOLLOWING POINTS²:**
Reception area

Mrs Tracy Malan is responsible for regularly checking (termly) that the contents of first aid boxes (including travel kits/ those in vehicles – checked by Mrs Sarah Town) are complete and replenished as necessary.

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents / carers will be notified immediately of all major injuries to pupils. No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents/carers cannot be contacted in time.

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document [Supporting pupils at school with medical conditions](#). Detailed arrangements are provided in a separate policy.

No member of staff will administer **any** medication (prescribed or non-prescribed) to children under 16 without a parent's written consent except in exceptional circumstances.

Mrs Tracy Malan is responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering.

Records of administration will be kept by Mrs Tracy Malan.

All non emergency medication kept in school is securely stored in the student services office with access strictly controlled. All pupils know how to access their medication. Under no circumstances will medication be stored in first aid boxes.

Emergency medication and devices such as asthma inhalers, blood glucose testing meters and adrenaline pens are always readily available to children and not locked away. These are kept in the student services office and are clearly labelled.

The school have chosen to hold an emergency salbutamol inhaler for use by pupils who have been prescribed a reliever inhaler and for whom parental consent for its use has been obtained.

Individual Health Care Plans (IHCP)

Parents / carers are responsible for providing the school with up to date information regarding their child's health care needs and providing appropriate medication.

IHCPs are in place for those pupils with significant medical needs e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis etc.

The IHCP is developed with the pupil (where appropriate), parent/carer, designate named member of school staff, specialist nurse (where appropriate) and relevant healthcare services. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the

school and will be reviewed annually by Mrs Tracy Malan

All staff are made aware of any relevant health care needs and copies of health care plans are available from Mrs Tracy Malan

Staff will receive appropriate training related to health conditions of pupils and the administration of medicines by a health professional as appropriate.

APPENDIX 7

ACCIDENT REPORTING PROCEDURES

Accidents to employees

Where the governing body is the employer then **all** employee accidents, no matter how minor, must be reported to them using the online accident reporting system hosted on Solero.

Accidents to pupils and other non-employees (members of public / visitors to site etc.)

A local accident book is held in student services and is used to record all minor incidents to non-employees, more significant incidents as detailed below must also reported to HCC using the online accident reporting system hosted on Solero.

- Major injuries.
- Accidents where significant first aid treatment has been provided.
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital.
- Accidents arising from premises / equipment defects.

All major incidents will be reported to the Headteacher. Parents / carers will be notified immediately of all major injuries. Accidents will be monitored for trends and a report made to the Governing Body as necessary.

The Headteacher, or their nominee, will investigate accidents and take remedial steps to

avoid similar instances recurring. Faulty equipment, systems of work etc. must be reported and attended to as soon as possible.

Reporting to the Health and Safety Executive (HSE)

Incidents involving a fatality or major injury will be reported immediately to the Health and Safety Executive (HSE) on 0345 300 9923 and the Education Health and Safety team on 01992 556478.

Incidents resulting in the following outcomes must be reported to the HSE via their online reporting system <http://www.hse.gov.uk/riddor/> within 15 days of the incident occurring.

- A pupil or other non-employee being taken directly to hospital for treatment and the accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision / organisation etc.
- Employee absence or inability to carry out their normal duties as the result of a work related accident, for periods of 7 days or more (including W/E's and holidays).

Any incident notified to the HSE must also be reported to the LA's Health and Safety Team.

APPENDIX 8

HEALTH AND SAFETY INFORMATION & TRAINING

Consultation

The standards committee meets termly to discuss health, safety and welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management.

Communication of Information

The Health and Safety Law poster is displayed in staff room

The Education Health and Safety Team, Tel: 01992 556478 provide competent health and safety advice for Community, Community Special and VC schools.

Health and Safety Training

All employees will be provided with:

- a copy of and induction training in the requirements of this policy;
- update training in response to any significant change;
- training in specific skills needed for certain activities, (e.g. use of hazardous substances, work at height etc.) and
- refresher training where required.

Any new instructions or restrictions will be communicated to all staff in writing and highlighted as part of the standard cycle of policy review.

Training records will be kept centrally on the HR database and in individuals files held by the HR administrator.

The Headteacher is responsible for co-ordinating health and safety training needs and for including details in the training and development plan. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line managers attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

APPENDIX 9

PERSONAL SAFETY / LONE WORKING

The school believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to them.

Staff will report any such incidents to the Headteacher. The school will work in partnership with the LA and police where inappropriate behaviour/ individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary.

Work involving potentially significant risks (for example work at height) must not be undertaken whilst working alone.

Staff working outside of normal school hours must obtain permission of their line manager and must then inform the site management team.

Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency e.g. access to a telephone or mobile phone etc.

School staff responding to call outs

Nominated key holders attending empty premises where there has been an alarm activation should do so with a colleague if possible. They should not enter the premises unless they are sure it is safe to do so. Arena security will contact Mr Mick page from the hours of 5.00am until 11.00pm Monday to Sunday out of these hours arena security will attend and contact Mick page if they have any problem

PREMISES AND WORK EQUIPMENT

All staff are required to report to the site management team any problems found with plant/equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal.

Mr Mick Page is responsible for identifying all plant and equipment in an equipment register and ensuring that any specific training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised / have received specific training is detailed in the register.

Planned maintenance / inspection

Regular inspection and testing of school plant and equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept in / by the relevant department

Curriculum Areas

Directors of Learning and Subject Leaders are responsible for ensuring maintenance requirements for equipment in their areas are identified and implemented.

Electrical Safety

All staff will conduct a basic visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to the site management team.

All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependant upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually.

This inspection and testing will be conducted by the Premises Team.

Mr Mick Page is responsible for keeping an up-to-date inventory of all relevant electrical appliances and for ensuring that all equipment is available for testing

Personal items of equipment (electrical or mechanical) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment.

A fixed electrical installation test (fixed wire test) will be conducted by Greenhills contractors on a five year rolling plan with 20% of the wiring tested annually in order to provide a full set of results over a 5 year period.

FLAMMABLE AND HAZARDOUS SUBSTANCES

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the “**Control of Substances Hazardous to Health Regulations 2002**” (COSHH Regulations).

Within curriculum areas (in particular Science and DT) Directors of Learning/Subject Leaders are responsible for COSHH and ensuring that an up to date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's "Topics in Safety" etc.)

In all other areas the establishments nominated person(s) responsible for substances hazardous to health is the School Business Manager

They shall ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed.
- material safety data sheets are obtained from the relevant supplier for all such materials.
- If required, full COSHH risk assessments are conducted and communicated to staff exposed to the product/substance.
- all chemicals are appropriately and securely stored out of the reach of children .
- all chemicals are kept in their original packaging and labelled (no decanting into unmarked containers).
- suitable personal protective equipment (PPE) has been identified and available for use. PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, the Director of Learning/Subject Leader is responsible for ensuring that COSHH assessments are available from contractors (*this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring specialists, etc*).

RADIOACTIVE SOURCES

The school follows CLEAPSS guidance L93 in 'Managing Ionising radiatlons and Radioactive sources in schools' 2013 Edition

- HCC's Radiation Protection Officer is the Curriculum Advisor for Science
- CLEAPSS provide the Radiation Protection Adviser (RPA) service for HCC
- The member of staff with day to day responsibility for radioactive sources (the Radiation Protection Supervisor, RPS) is Mr Paul Bates and detailed responsibilities are provided in the Science Department H&S Policy. He is also responsible for ensuring that the radioactive source history and use log are kept up to date and that a leak test is conducted and recorded annually.

An asbestos survey and management plan is in place for the school in accordance with HCC's asbestos policy. The school's most recent asbestos management survey was conducted in Oct 2016

The school's asbestos log (including school plans, asbestos survey data and site specific management plan) is held by Mr Mick Page.

The Headteacher will ensure that **all** school staff (and others such as catering and cleaning staff who may not be employed directly by the school) are made aware of the location of asbestos containing materials (ACM) within their work areas.

Under no circumstances must staff undertake any work which could disturb the fabric of the building or fixed equipment, e.g. affixing anything to walls without first obtaining approval from an Asbestos Authorising Officer. (Even stapling / pushing a drawing pin into ACM may result in the release of fibres into the air.)

In the event of any damage occurring to materials known or suspected to contain asbestos this will be reported to one of the school's asbestos authorising officers and the area immediately evacuated and closed / locked off.

Professional advice will be sought and details of the incident reported to HCC's asbestos team asbestos@hertfordshire.gov.uk.

The school's asbestos authorising officers are Mr Mick Page , Mr Colin Savage and Mr Nick Cordara .

Prior to **any** work commencing on the fabric of the building or fixed equipment (e.g. boilers, kilns etc.), either by contractors or school staff, one of the asbestos authorising officers **must** check the asbestos log and establish whether permission to work can be given.

The Headteacher / asbestos authorising officers shall ensure:

- That the asbestos log is consulted at the earliest possible opportunity and that **all** work affecting the fabric of the building or fixed equipment is entered in the permission to work log and signed by those undertaking the work.
- A visual inspection of asbestos containing materials remaining on site is conducted and recorded (legal requirement to do so annually as a minimum).
- The limitations of the management survey and areas of the building that have **not** been surveyed are understood and considered as part of the permission to work process e.g. areas above 3m in height, within ceiling voids (where panels / tiles are fixed), floor voids and ducts etc.
- All records pertaining to asbestos are effectively maintained and retained (legal requirement to do so for a period of 40 years).
- The school's asbestos management plan is kept up to date and that any asbestos works (removal, new project specific surveys etc.) are notified to the LA via asbestos@hertfordshire.gov.uk.

CONTRACTORS

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice.

All contractors must report to the main school reception where they will be asked to sign the visitors book and wear an identification badge. Contractors will be issued with guidance on emergency procedures, relevant risks, and local management arrangements.

Mr Mick Page is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and checking whether expected controls are in place and working effectively.

School managed projects

The [Construction \(Design and Management\) Regulations 2015³](#) applies to all building, demolition, repair and maintenance or refurbishment work.

Where the school undertakes projects direct the governing body are considered the 'client' and therefore have additional statutory obligations. These projects are managed by the School Business Manager and the Site Manager on the school's behalf who will ensure landlords consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought.

To ensure contractor competency the school uses a property framework contractor as a method of procuring works. These contractors have satisfied the County Council that they understand and abide by health and safety regulations. Details can be found at <http://www.thegrid.org.uk/info/premises/property.shtml>

When considering the appointment of contractors outside of Hertfordshire frameworks Mr Mick Page will undertake appropriate competency checks prior to engaging a contractor i.e. they have sufficient skills, knowledge and experience) to do the job safely, the degree of competence required will depend on the work to be done.

Contractors will be required to provide a construction phase plan, risk assessments and method statements detailing the safe systems of work to be used prior to works commencing on site.

Risk assessments and method statements shall be specific to the site and all aspects of the works to be undertaken. The school, contractors and any subcontractors involved will exchange relevant information regarding the work activities and agree the risk assessments.

WORK AT HEIGHT

Working at height can present a significant risk, where such activities cannot be avoided a task specific risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height.

Storage above head height is minimised as far as possible, where this cannot be avoided only light-weight and rarely-used items are stored there.

When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff must not climb onto chairs etc.

Only those persons who have been trained to use ladders safely may use them.

Basic instruction is provided to all staff who use ladders / stepladders

<http://www.hse.gov.uk/pubns/indg455.htm>

Formal training on work at height, use of ladders, mobile tower scaffolds etc. will be provided where a significant risk is identified as part of an individuals' role e.g. site staff, drama, ICT technician etc.

The establishments nominated persons responsible for work at height are Mr Mick Page ,Mr Colin Savage and Mr Nick Cordara

The nominated person(s) shall ensure:

- all work at height is properly planned and organised;
- the use of access equipment is restricted to authorised users;
- all those involved in work at height are trained and competent to do so;
- the risks from working at height are assessed and appropriate equipment selected;
- a register of access equipment is maintained and all equipment is regularly inspected and maintained and
- any risks from fragile surfaces is properly controlled.

LIFTING AND HANDLING

Generic risk assessments for regular manual handling operations are undertaken and staff provided with information on safe moving and handling techniques.

Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

Those manual handling activities which present a significant risk to the health and safety of staff, will be reported to Mr Mick Page and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

DISPLAY SCREEN EQUIPMENT (DSE)

All staff who use computers daily, as a significant part of their normal work (*significant is taken to be continuous / near continuous spells of an hour or more at a time*) e.g. admin / office staff shall have a DSE assessment carried out.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use).

Advice on the use of DSE is available in the [Education Health and Safety Manual](#)

VEHICLES ON SITE

Vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them.

Access to the school must be kept clear for emergency vehicles.

The vehicle access gate must not normally be used for pedestrian access.

APPENDIX 18

LETTINGS / SHARED USE OF PREMISES

Lettings are managed by the School Business Manager following HCC guidance.

APPENDIX 19

MINIBUSES

The School Business Manager maintains a list of nominated drivers who have received training in order to drive a minibus and conducts an annual check of their driving licence via the [DVLA](#).⁴

[On an annual basis individual staff will be required obtain a check code from the [DVLA](#) and provide this to Sarah Markley in order the school can see what vehicles they can drive and any penalty points or disqualifications on their licence]

All minibus drivers should hold a valid HCC minibus permit (valid for 5 years) Issued by the HCC Road Safety Unit.

Mrs Sarah Town is responsible for the undertaking regular checks on the vehicles and the schools operation of minibuses follows [County Guidance](#).

APPENDIX 20

STRESS / WELLBEING

The school and governing body are committed to promoting high levels of health and well being and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and HCC's management standards.

Performance management and line management meetings are used to monitor staff wellbeing and a wellbeing committee made up of a member of staff from each subject exists in school and meets on a termly basis.

4

LEGIONELLA

The school complies with advice on the potential risks from legionella as identified in the Education Health and Safety Manual.

A water risk assessment of the school was completed on 03/06/2016 by H2O environmental services, Mr Mick page is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water log book.

This risk assessment will be reviewed where significant changes have occurred to the water system and/ or building footprint.

The risks from legionella are mitigated by basic operational controls and thus the following checks are recorded.

- Water is heated and stored to 60 deg C at calorifiers (any vessel that generates heat within a mass of stored water);
- Weekly flushing of seldom used outlets and all showers (with all outlets flushed after school holiday periods);
- Monthly temperature checks on sentinel outlets (those nearest and furthest away from calorifiers);
- Quarterly disinfection / descaling of showers;
- Six monthly temperature checks of stored water;
- Stored cold water tanks are inspected for compliance and safety on an annual basis by H2O environmental services and tank water temperature recorded.
