

THE CAVENDISH SCHOOL ICT POLICY

Date approved: May 2015
Date review: May 2018

Part 1: ICT Policy -Introduction

ICT in the 21st Century is seen as an essential resource to support learning and teaching, as well as playing an important role in the everyday lives of children, young people and adults. Consequently, schools need to build in the use of these technologies in order to arm our young people with the skills to access life-long learning and employment.

Information and Communications Technology covers a wide range of resources including; web-based and mobile learning. It is also important to recognise the constant and fast paced evolution of ICT within our society as a whole. Currently the internet technologies children and young people are using both inside and outside of the classroom include:

- Websites
- Apps
- E-mail, Instant Messaging and chat rooms
- Social Media, including Facebook and Twitter
- Mobile/ Smart phones with text, video and/ or web functionality
- Other mobile devices including tablets and gaming devices
- Online Games
- Learning Platforms and Virtual Learning Environments
- Blogs and Wikis
- Podcasting
- Video sharing
- Downloading
- On demand TV and video, movies and radio / Smart TVs

Whilst exciting and beneficial both in and out of the context of education, much ICT, particularly web-based resources, are not consistently policed. All users need to be aware of the range of risks associated with the use of these Internet technologies and that some have minimum age requirements (13 years in most cases).

At **The Cavendish School**, we understand the responsibility to educate our students on eSafety Issues; teaching them the appropriate behaviours and critical thinking skills to enable them to remain both safe and legal when using the internet and related technologies, in and beyond the context of the classroom.

Schools hold personal data on learners, staff and others to help them conduct their day-to-day activities. Some of this information is sensitive and could be used by another person or criminal organisation to cause harm or distress to an individual. The loss of sensitive information can result in media coverage, and potentially damage the reputation of the school. This can make it more difficult for your school to use technology to benefit learners.

Everybody in the school community has a shared responsibility to secure any sensitive information used in their day to day professional duties and even staff not directly involved in data handling should be made aware of the risks and threats and how to minimise them.

Both this policy and the Acceptable Use Agreement (for all staff, governors, regular visitors[for regulated activities] and students) are inclusive of both fixed and mobile internet; technologies provided by the school (such as PCs, laptops, mobile devices, webcams, whiteboards, voting systems, digital video equipment, etc); and technologies owned by students and staff, but brought onto school premises (such as laptops, mobile phones and other mobile devices).

Monitoring

All internet activity is logged by the school's internet provider. These logs may be monitored by that provider.

Breaches

A breach or suspected breach of policy by a school employee, contractor or student may result in the temporary or permanent withdrawal of school ICT hardware, software or services from the offending individual.

For staff any policy breach is grounds for disciplinary action in accordance with the school Disciplinary Procedure or, for Support Staff, in their Probationary Period as stated.

Policy breaches may also lead to criminal or civil proceedings.

The Information Commissioner's powers to issue monetary penalties came into force on 6 April 2010, allowing the Information Commissioner's office to serve notices requiring organisations to pay up to £500,000 for serious breaches of the Data Protection Act.

The data protection powers of the Information Commissioner's Office are to:

- Conduct assessments to check organisations are complying with the Act;
- Serve information notices requiring organisations to provide the Information Commissioner's Office with specified information within a certain time period;
- Serve enforcement notices and 'stop now' orders where there has been a breach of the Act, requiring organisations to take (or refrain from taking) specified steps in order to ensure they comply with the law;
- Prosecute those who commit criminal offences under the Act;

- Conduct audits to assess whether organisations' processing of personal data follows good practice,
- Report to Parliament on data protection issues of concern

For students, reference will be made to the school's behaviour policy.

Incident Reporting

Any security breaches or attempts, loss of equipment and any unauthorised use or suspected misuse of ICT must be immediately reported to the school's relevant responsible person. Additionally, all security breaches, lost/stolen equipment or data (including remote access SecureID tokens and PINs), virus notifications, unsolicited emails, misuse or unauthorised use of ICT and all other policy non-compliance must be reported to the relevant responsible person. The relevant responsible individuals in the school are as follows Mr S Leaver(Network Manager) and Mr R Woodard esafety co-ordinator).

Please refer to the relevant section on Incident Reporting, eSafety Incident Log & Infringements.Part 2a : ICT Policy Acceptable Use Agreement: Students - Secondary

Part 2a: Acceptable Use Agreement: Students - Secondary

- I will only use ICT systems in school, including the internet, e-mail, digital video, and mobile technologies for school purposes
- I will not download or install software on school technologies
- I will only log on to the school network, other systems and resources with my own user name and password
- I will follow the school's ICT security system and not reveal my passwords to anyone and change them regularly.
- I will only use my school e-mail address
- I will make sure that all ICT communications with students, teachers or others is responsible and sensible
- I will be responsible for my behaviour when using the Internet. This includes resources I access and the language I use
- I will not deliberately browse, download, upload or forward material that could be considered offensive or illegal. If I accidentally come across any such material I will report it immediately to my teacher
- I will not give out any personal information such as name, phone number or address. I will not arrange to meet someone unless this is part of a school project approved by my teacher
- I am aware that when I take images of students and/ or staff, that I must only store and use these for school purposes in line with school policy and must never distribute these outside the school network without the permission of all parties involved. This includes school breaks and all occasions when I am in school uniform or when otherwise representing the school
- I will ensure that my online activity, both in school and outside school, will not cause my school, the staff, students or others distress or bring the school community into disrepute, including through uploads of images, video, sounds or texts
- I will support the school approach to online safety and not deliberately upload or add any images, video, sounds or text that could upset any member of the school community
- I will respect the privacy and ownership of others' work on-line at all times
- I will not attempt to bypass the internet filtering system
- I understand that all my use of the Internet and other related technologies can be monitored and logged and can be made available to my teachers
- I understand that these rules are designed to keep me safe and that if they are not followed, school sanctions will be applied and my parent/ carer may be contacted

Dear Parent/ Carer

ICT including the internet, e-mail, mobile technologies and online resources have become an important part of learning in our school. We expect all students to be safe and responsible when using any ICT. It is essential that students are aware of e-Safety and know how to stay safe when using any ICT.

Students are expected to read and discuss this agreement with their parent/ carer and then to sign and follow the terms of the agreement. Any concerns or explanation can be discussed with Mr S Leaver(Network Manager) and Mr R Woodard esafety co-ordinator).

Please return the bottom section of this form which will be kept on record at the school

Parent/ carer signature

We have discussed this document with.....(child's name) and we agree to follow the eSafety rules and to support the safe use of ICT at The Cavendish School.

Part 2b: Acceptable Use Agreement: Staff, Governors and Visitors

Staff, Governor and Visitor Acceptable Use Agreement / Code of Conduct

ICT (including data) and the related technologies such as e-mail, the internet and mobile devices are an expected part of our daily working life in school. This policy is designed to ensure that all staff are aware of their professional responsibilities when using any form of ICT. All staff are expected to sign this policy and adhere at all times to its contents. Any concerns or clarification should be discussed with Mr S Leaver(Network Manager) and Mr R Woodard (esafety co-ordinator).

- I will only use the school's email / Internet / Intranet / Learning Platform and any related technologies for professional purposes or for uses deemed acceptable by the Head or Governing Body
- I will comply with the ICT system security and not disclose any passwords provided to me by the school or other related authorities
- I will ensure that all electronic communications with students and staff are compatible with my professional role
- I will not give out my own personal details, such as mobile phone number, personal e-mail address, personal Twitter account, or any other social media link, to students
- I will only use the approved, secure e-mail system(s) for any school business
- I will ensure that personal data (such as data held on MIS software) is kept secure and is used appropriately, whether in school, taken off the school premises or accessed remotely. Personal data can only be taken out of school or accessed remotely when authorised by the Head or Governing Body. Personal or sensitive data taken off site must be encrypted, eg on a password secured laptop or memory stick
- I will not install any hardware or software without permission of the Head teacher
- I will not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory
- Images of students and/ or staff will only be taken, stored and used for professional purposes in line with school policy and with written consent of the parent, carer or staff member
- Images will not be distributed outside the school network without the permission of the parent/ carer, member of staff or Headteacher
- I will support the school approach to online safety and not deliberately upload or add any images, video, sounds or text that could upset any member of the school community
- I understand that all my use of the Internet and other related technologies can be monitored and logged and can be made available, on request, to my Line Manager or Headteacher
- I will respect copyright and intellectual property rights
- I will ensure that my online activity, both in school and outside school, will not bring the school, my professional role or that of others into disrepute
- I will support and promote the school's e-Safety and Data Security policies and help students to be safe and responsible in their use of ICT and related technologies
- I understand this forms part of the terms and conditions set out in my contract of employment

User Signature

I agree to follow this code of conduct and to support the safe and secure use of ICT throughout the school.

Staff Professional Responsibilities

The HSCB eSafety subgroup have produced a clear summary of **professional responsibilities related to the use of ICT** which has been endorsed by unions. To download visit <http://www.thegrid.org.uk/eservices/safety/policies.shtml>

PROFESSIONAL RESPONSIBILITIES **When using any form of ICT, including the Internet,** **in school and outside school**

For your own protection we advise that you:

- Ensure all electronic communication with pupils, parents, carers, staff and others is compatible with your professional role and in line with school policies.

- Do not talk about your professional role in any capacity when using social media such as Facebook and YouTube.
- Do not put online any text, image, sound or video that could upset or offend any member of the whole school community or be incompatible with your professional role.

- Use school ICT systems and resources for all school business. This includes your school email address, school mobile phone and school video camera.

- Do not give out your own personal details, such as mobile phone number, personal e-mail address or social network details to pupils, parents, carers and others.

- Do not disclose any passwords and ensure that personal data (such as data held on MIS software) is kept secure and used appropriately.

- Only take images of pupils and/ or staff for professional purposes, in accordance with school policy and with the knowledge of SLT.

- Do not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory.

- Ensure that your online activity, **both in school and outside school**, will not bring your organisation or professional role into disrepute.

You have a duty to report any eSafety incident which may impact on you, your professionalism or your organisation.

Part 3 - eSafety Policy

eSafety - Roles and Responsibilities

As eSafety is an important aspect of strategic leadership within the school, the Head and governors have ultimate responsibility to ensure that the policy and practices are embedded and monitored. The named eSafety co-ordinator in this school is Mr R Woodard who has been designated this role as a member of the senior leadership team. All members of the school community have been made aware of who holds this post. It is the role of the eSafety co-ordinator to keep abreast of current issues and guidance through organisations such as Herts LA, Herts for Learning Ltd, CEOP (Child Exploitation and Online Protection) and Childnet.

Senior Management and governors are updated by the Head/ eSafety co-ordinator and all governors have an understanding of the issues and strategies at our school in relation to local and national guidelines and advice.

This policy, supported by the school's acceptable use agreements for staff, governors, visitors and students, is to protect the interests and safety of the whole school community. It is linked to the following mandatory school policies: child protection, health and safety, home-school agreements, and behaviour/student discipline (including the anti-bullying) policy and PSHCE.

eSafety in the Curriculum

ICT and online resources are increasingly used across the curriculum. We believe it is essential for eSafety guidance to be given to the students on a regular and meaningful basis. eSafety is embedded within our curriculum and we continually look for new opportunities to promote eSafety.

Possible statements

- The school has a framework for teaching internet skills in Computing/ICT/ Learning for Life lessons.
- The school provides opportunities within a range of curriculum areas to teach about eSafety
- Educating students about the online risks that they may encounter outside school is done informally when opportunities arise and as part of the eSafety curriculum
- Students are aware of the relevant legislation when using the internet such as data protection and intellectual property which may limit what they want to do but also serves to protect them
- Students are taught about copyright, respecting other people's information, safe use of images and other important areas through discussion, modeling and appropriate activities
- Students are aware of the impact of Cyberbullying and know how to seek help if

they are affected by any form of online bullying. Students are also aware of where to seek advice or help if they experience problems when using the internet and related technologies; i.e. parent/ carer, teacher/ trusted staff member, or an organisation such as Cybermentors, Childline or CEOP report abuse button

- Students are taught to critically evaluate materials and learn good searching skills through cross curricular teacher models, discussions and via the Computing curriculum

eSafety Skills Development for Staff

- Our staff receive regular information and training on eSafety and how they can promote the 'Stay Safe' online messages.
- New staff receive information on the school's acceptable use policy as part of their induction
- All staff have been made aware of their individual responsibilities relating to the safeguarding of children within the context of eSafety and know what to do in the event of misuse of technology by any member of the school community (see eSafety Co-ordinator)
- All staff are encouraged to incorporate eSafety activities and awareness within their curriculum areas and ensure they are adequately informed with up-to-date areas of concern.

Managing the School eSafety Messages

- We endeavour to embed eSafety messages across the curriculum whenever the internet and/or related technologies are used
- The eSafety policy will be introduced to the students at the start of each school year
- eSafety posters will be prominently displayed
- The key eSafety advice will be promoted widely through school displays, newsletters, class activities and so on

Incident Reporting, eSafety Incident Log & Infringements

Incident Reporting

Any security breaches or attempts, loss of equipment and any unauthorised use or suspected misuse of ICT must be immediately reported to the school's relevant responsible person Network Manager or eSafety Co-ordinator. Additionally, all security breaches, lost/stolen equipment or data (including remote access SecureID tokens and PINs), virus notifications, unsolicited emails, misuse or unauthorised use of ICT and all other policy non-compliance must be reported to your Information Asset Owner

eSafety Incident Log

Keeping an incident log can be a good way of monitoring what is happening and identify trends or specific concerns.

'School name' eSafety Incident Log

Details of ALL eSafety incidents to be recorded by the eSafety Coordinator. This incident log will be monitored termly by the Headteacher, Member of SLT or Chair of Governors. Any incidents involving Cyberbullying may also need to be recorded elsewhere

| Date & Time | Name of pupil or staff member | Male or Female | Room and computer/ device number | Details of incident (including evidence) | Actions and reasons |
|-------------|-------------------------------|----------------|----------------------------------|--|---------------------|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

This can be downloaded <http://www.thegrid.org.uk/eservices/safety/incident.shtml>

Misuse and Infringements

Complaints

Complaints and/ or issues relating to eSafety should be made to the eSafety co-ordinator or Headteacher. Incidents should be logged and the **Hertfordshire Flowcharts for Managing an eSafety Incident** should be followed.

Inappropriate Material

- All users are aware of the procedures for reporting accidental access to inappropriate materials. The breach must be immediately reported to the eSafety co-ordinator
- Deliberate access to inappropriate materials by any user will lead to the incident being logged by the relevant responsible person, and an investigation by the Headteacher (or Mr R Woodard). Depending on the seriousness of the offence, sanctions could include immediate suspension, possibly leading to dismissal and involvement of police for very serious offences
- Users are made aware of sanctions relating to the misuse or misconduct
