

The Cavendish School

Postponement of Presentation Evening (18th December 2017)

Dear Parents and Students

I am writing to inform you that we have decided to postpone the planned Presentation Evening in December and it will be rearranged at another date in the summer term after the external exam season. Unfortunately, a number of students have suggested that they will find it difficult to make the original date and in addition, the school is undergoing a number of leadership changes which has influenced our capacity to present an evening of the quality we desire.

The majority of students invested many hours of effort over long periods of time to ensure their success in public examinations at all levels and it is our determination to enjoy a first rate presentation evening where teachers, parents and students can celebrate these successes in an appropriate atmosphere.

I will write to you shortly with the date of the rearranged Presentation Evening and hope that with sufficient notice, as many as possible of our students will be able to fix this date firmly in their diaries.

Kind regards

Mr Gary Lewis
Executive Headteacher
