

The Cavendish School

9 November 2017

Dear Parent/Guardian,

I am writing to inform you that your son/daughter is able to purchase their separate biology, chemistry and physics revision/exam practice guides through the Science Department. I strongly encourage you to take advantage of this opportunity early on so that your son/daughter can benefit from having the revision guide to help them with classwork and homework, as well as revision later on. They will include practice questions which will allow your son/daughter to revise thoroughly for their exams.

We can source these books at a discount from the suppliers and pass the savings onto you.

1. Year 11 AQA new course- Trilogy, Chemistry / Physics /Biology (3 books) £12
2. Year 11 Triple Science Chemistry/Physics/Biology (3 books) £16.50

The guides can be purchased by *Wisepay*, a cheque (made payable to The Cavendish School) or cash to the Student Services, along with the tear-off slip below. The Science Department will then issue the guide(s) once they have been ordered.

Yours faithfully,

L. Ingold

Mrs Lisa Ingold

Head of Science – KS4
